

USAMA ASLAM

UI Designer

📍 Sheikhupura-Punjab, Pakistan 📞 +92 370 1728868 ✉ theeusamaa@gmail.com

Summary

About

I am a UI/UX Designer with a background in Pre-Engineering, which means I love combining logical problem-solving with clean, modern design. Since 2022, I've been balancing my time between designing high-fidelity digital products at Brave Mind Studio and mentoring over 50 students as a Technical Instructor. I don't just design screens; I understand the technology behind them and know how to communicate complex ideas to both students and stakeholders.

Experience

UI/UX Designer — Brave Mind Studio

📅 Aug, 2022

- Designed wireframes and high-fidelity prototypes for web and mobile platforms, ensuring a seamless user experience across different devices.
- Collaborated with developers during the handoff process to ensure designs were implemented accurately and met technical requirements.

Instructor — Venturetech Computer Education

📅 Aug, 2022

- Guided and mentored 50+ students in foundational and advanced computer science topics, including UI/UX design principles and software tools.
- Facilitated hands-on workshops on industry-standard tools like Figma, Adobe Creative Suite, and basic front-end development.

Certification

Certificate in Graphic Design — Venturetech Computer Education

- Developed advanced skills in Adobe Photoshop, Illustrator, Figma and Adobe XD for creating digital and print assets.

Figma Design Course 2023 — Udemy

📅 Website : www.udemy.com

- Instructors: Anton Voroniuk, Ieljko Milivojević

Soft & Communication Skills — Digiskills

📅 Website : www.digiskills.pk

- Mastered verbal and written communication techniques for professional environments, focusing on clarity and active listening.

Wordpress — Digiskills

📅 Website : www.digiskills.pk

- Applied UI/UX principles to create responsive, user-friendly layouts using page builders like Elementor.

Education

Intermediate — Superior Group of Colleges

📅 2017 - 2019

- Completed higher secondary education with a focus on Mathematics, Physics, and Chemistry.
- Developed strong analytical and problem-solving skills through rigorous coursework.

Matriculation — Lahore Board

📅 2015-2017

- Achieved A+ with a focus on analytical thinking and scientific principles.
- Developed a strong foundation in structured problem-solving and disciplined study habits.
